LICENSING & REVIEW

Sir:

This is in response to the Requirement for Statement under § 152 of the Atomic Energy Act (Paper No. 11) mailed herein on September 6, 2002. In response, Applicants submit herewith a copy of the fully executed property rights statement to the DOE and/or NASA under 42 U.S.C. §§ 2182 and 2457 which was filed on October 1, 2002 in U.S. Application Serial No. 09/931,836 (of which the above captioned patent application is a continuation). Applicants note that the herewith submitted property rights statement is applicable to not only parent U.S. Application Serial No. 09/931,836, but to all continuations of that parent patent application as well, including the present U.S. Application Serial No. 10/036,160 (see Appendix A of the herewith submitted property rights statement). Applicants, therefore, submit that the requirements for replying to Paper No. 11 have herein been satisfied and respectfully request that this

Serial No.: 10/036,160

LICENSING & REVIEW

Sir:

We, as joint inventors named in the above captioned patent application and the continuation applications of the above captioned patent application as listed on the herewith attached Appendix A, hereby declare with respect to the invention(s) described and claimed in the above captioned patent application and in the continuation applications of the above captioned patent application as listed on the herewith attached Appendix A that:

1. We made and conceived (a) the invention described and claimed in the above captioned U.S. patent application Serial No. 09/931,836 filed in the United States of America on August 16, 2001 and entitled "Secreted and Transmembrane Polypeptides and Nucleic Acids Encoding the Same" and (b) the invention(s) described and claimed in the continuation applications of the above captioned patent application as listed on the herewith attached Appendix A (henceforth the "Inventions");

2. We made and conceived these Inventions while employed by Genentech, Inc., 1 DNA Way, South San Francisco, California, 94080;

Serial No.: 09/931,836

Filed: August 16, 2001

3. These invention(s) are related to the work we are employed to perform (or were employed to perform, if no longer employed by Genentech, Inc.) and were made within the scope of our employment duties; that these inventions were made during working hours and with the use of facilities, equipment, materials, funds, information and services of Genentech, Inc.;

4. To the best of our knowledge and belief, these Inventions were not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy;

5. To the best of our knowledge and belief, these Inventions were not made (conceived or first actually reduced to practice) under, nor is there any relationship of these Inventions to the performance of any work under any contract of the National Aeronautics and Space Administration;

6. We declare further that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that all such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
